Profile

I am Bence Szepesvári, a Project Manager and Product Owner. My career has consistently revolved around IT projects, transitioning from the business side to technical implementation, eventually leading a team at a software development company. Over the past two years, I took a career break to focus on upskilling and building personal projects.

Skills

- Agile Development: Scrum/Kanban
- Project Management: Jira, Confluence
- Technical Skills: HTML5, JavaScript, Node.js, Flutter, Cursor AI

Hobbies

- Programming: Developing personal projects using Cursor AI
- Traveling, Cycling, Hiking
- Gastronomy
